WORK EXPERIENCE

Sr. Front-End Developer, UI/UX Designer, Project Manager

E Byteknight Creations

Mar 2015 - Present

Led design, development and project management for advanced front-end IT solutions, delivering high-quality results for global clients.

- **Design & Development:** Designed and developed 500+ websites, web apps, and SaaS products with HTML, CSS, JavaScript, and frameworks like Bootstrap, TailwindCSS, and Foundation. Extensive use of UI/UX design tools such as Adobe Illustrator, Photoshop, Figma, and Sketch.
- **Client Success:** Supported a client in raising \$1M by designing a successful MVP; played a key role in design, development, and marketing.
- **SME Digitalization:** Helped over 200 SMEs establish a robust online presence with modern designs on WordPress, Shopify, Wix, and Webflow.
- **Leadership & Mentorship:** Directed a team of on-site/off-site designers, developers, and marketers, bootstrapping and optimizing workflows with contemporary project management tools. Mentored interns, contributing to open-source projects and competitions.
- **Collaboration & Guidance:** Fostered strong client and vendor relationships, partnered closely with sales and backend teams, and conducted code reviews to enhance quality. Provided technical guidance on best practices and emerging technologies.
- **Blockchain Involvement:** Contributed to design testing and development for blockchain projects, such as Theta Network, Polygon, Paralink, and Standard Protocol.

Front-End Developer & UI/UX Designer

Dragonfly Creations

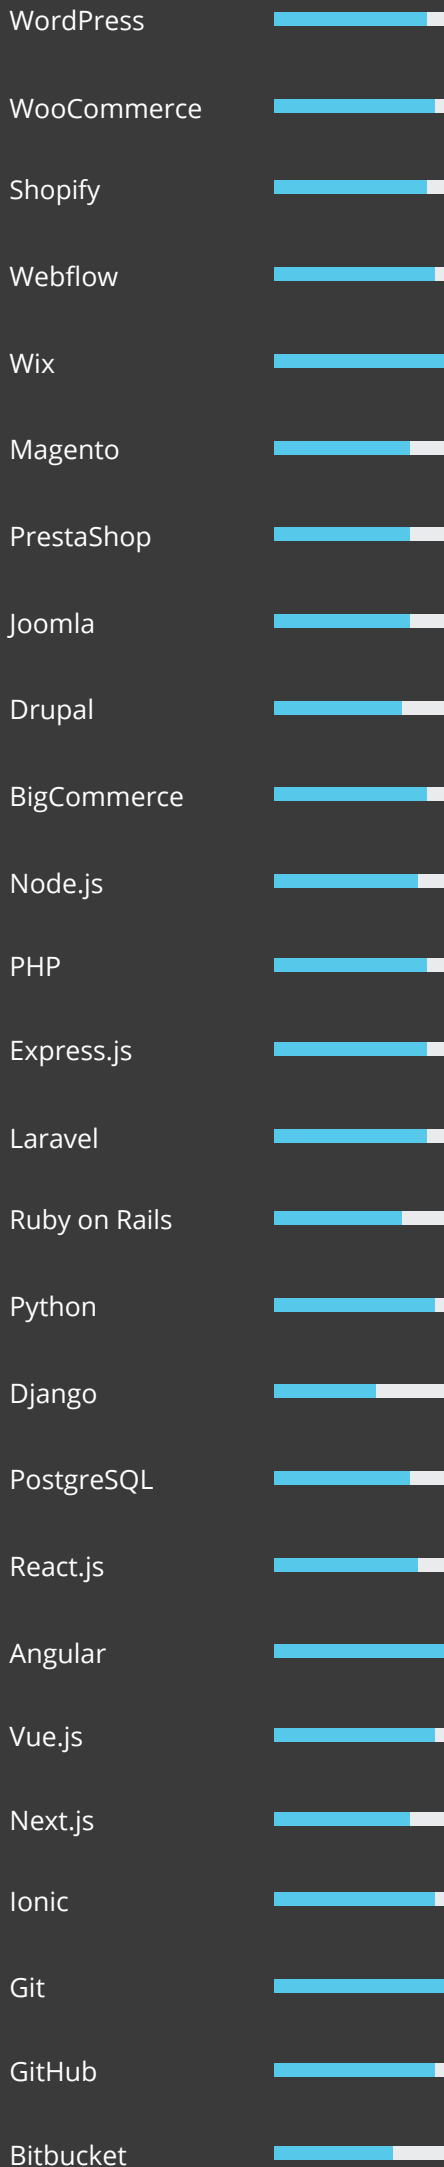

Sept 2014 - Feb 2015

Designed and developed responsive web and mobile applications using client-side technologies. Created custom UI/UX solutions, collaborating closely with a team of developers to improve applications, website functionality, and conversion rates.

Conducted R&D, engaged directly with clients, and provided concise reports to decision-makers. Maintained code quality through daily debugging and issue resolution, contributing to team standards in HTML, CSS, JavaScript, and design tools like Sketch, Illustrator, and Photoshop.

Achievements:

- Awarded Employee of the Month for three consecutive months.
- Supported company in acquiring projects through MVP designs.
- Resolved critical UI issues for international clients.
- Delivered a high-demand mobile app design within a tight timeline.

Freelance HTML UI Designer

Jan 2014 – Aug 2014

Collaborated with a senior PHP developer and project manager to create a professional user interface for a matrimonial website, catering to an international client. Delivered responsive design solutions using HTML, CSS, and jQuery.

Simultaneously, worked with local clients to design and manage their websites, focusing on clean, functional UI aligned with client needs.

Trainee HTML / UI Designer

Feb 2013 – Jan 2014

Aptegra Solutions

Designed and integrated interfaces for a complex email-multicasting application, tailoring custom UI to meet user requirements.

Contributed to the UI of a Java-based application by structuring, developing, and debugging back-end processes and database interactions.

Collaborated closely with senior development teams to enhance the UI/UX structure and improve application usability, gaining foundational skills in front-end and back-end coordination.

TECHNICAL SKILLSET

Agile methodologies, product management, project management, experience design, UI/UX design, web development, design thinking, branding, research, digital marketing, social media marketing.

TOOLS
